

Helping Vinay Graphics turn every search into an enquiry.

Prepared for Bhavesh • Following our BLL SprintConnect meeting

Hi Bhavesh,

Great meeting you at BLL SprintConnect on 8th August in Andheri West. I enjoyed hearing how your father built Vinay Graphics into a full-fledged printing solutions business. After our conversation, I put together a practical digital plan — with mockups — so you can see the opportunity rather than just hear about it.

THE OPPORTUNITY TODAY

vinaygraphics.in is still on a “Coming Soon” page, while local competitors are already capturing online demand. A to Z Digital Prints has 1,300+ reviews and a WhatsApp enquiry path, while Just Print presents individual services for better search visibility. Right now, someone searching for Vinay Graphics has very little to click on.

WHAT I’VE PROPOSED

1 One-Page Website Concept

A clean showcase of your work by category, your story, key services and a prominent WhatsApp enquiry button.

2 WhatsApp Ordering Concept

Customers choose a product, answer 2-3 quick questions, receive a quote and track the order — no app or login.

RECOMMENDED DIGITAL PLANS

	DIGITAL FOUNDATION A strong online starting point	5-page website • Home, About, Products, Gallery & Contact • WhatsApp click-to-chat • Google Business setup
	FOUNDATION + GROWTH Build visibility and repeat business	Everything in Foundation • WhatsApp catalogue + auto-quote replies • Review-generation system • QR-Bridge from printed jobs to your portfolio & WhatsApp
	WHATSAPP ORDER BOT Automation add-on	Catalogue • Auto-quotes • Automated order-status updates: Received → Design Approved → In Production → Ready/Dispatched

FULL TRANSPARENCY

Domain & hosting remain in your name and under your control. Management/renewals can be handled separately if desired. 30 days of free post-launch support are included for fixes; ongoing updates are optional under an Annual Care Plan.

LET’S WALK THROUGH IT — I’d be happy to take you through the mockups and plan costs, over a call or in person — whichever is easier.

Best,

Devendra Vaja • Founder • +91 90823 51295
